

The graph displays four distinct routes (route 1, route 2, route 3, route 4) plotted against a coordinate system. The x-axis ranges from 200 to 550, and the y-axis ranges from 0 to 100. The routes are color-coded: route 1 is blue, route 2 is orange, route 3 is green, and route 4 is red. All routes start at approximately (260, 65) and end at approximately (330, 35). Route 4 is the longest and most complex, while Route 2 is the shortest and simplest.
